Experience

2026 Feb – current

Personal assistant and
IT Expert

2025 August – 2026 January

Gurucrafts agency

Personal assistant

Office Managemnet, graphics designs,
websites, apps, IT tasks

fullstack software developer

As a full-stack software developer, I build complete digital systems from the ground up. I create smooth, friendly interfaces for users and strong, reliable features behind the scenes. My tasks include planning features, writing clean code, connecting apps to databases, testing for quality, fixing issues, and making sure everything runs fast and safely.

Education

Feb 2025- May 2025

Power Learn Project

Certificate in software development

At PLP Africa, I mastered Flutter and Dart to build efficient cross-platform apps. The experience sharpened my UI/UX skills and taught me how to deliver high-quality projects within a diverse professional team.

2023 - 2025

Meru National Polytechnic

Diploma in computer science

My computer science studies at Meru National Polytechnic were challenging yet rewarding. Through hands-on projects and a supportive community, I built the problem-solving skills and passion for tech that now drive my career.

2019 - 2022

Muthangene secondary
school

High school certificate

During my time at school, I matured and identified my career path. As the timekeeper, I improved my organizational skills and learned punctuality, shaping my career choice. The supportive environment and diverse opportunities helped me grow and solidify my future goals.

2010 - 2018

St Nicholas primary
school

Primary school certificate

Attending St. Nicholas Primary School profoundly shaped my life through inspiring teachers, a supportive environment, and strong friendships, fostering my passion for learning, critical thinking, and collaboration, which laid the foundation for my personal and academic growth.
